## 1. The Services

### 1.1. Outbound Service

1.1.1. All Calls are to be routed over our chosen network. Should any Calls be routed over any other network with or without your knowledge, other than during a service failure or network outage that we have notified you of or for any other reason we may agree with you, then we reserve the right to bill you at our Standard Tariff.

1.1.2. Where you use a Call forwarding feature on any of our Services, you agree and accept that such forwarded Calls will be chargeable at the rate applicable on your Tariff at the time.

### 1.2. Inbound Service

1.2.1. We reserve the right to apply a monthly Service Charge for each inbound number which does not carry any traffic for any period of 3 consecutive months. Where this Service Charge has been applied and a number subsequently carries traffic in any month then this Service Charge will not apply to the months where there is traffic.

1.2.2. We reserve the right to apply a nominal monthly Service Charge for each inbound number where the only Service you take from us is the Inbound Service.

1.2.3. If an inbound number is withdrawn by Ofcom or Phonepaid Services Authority or any of our suppliers for reasons beyond our control we reserve the right to recover the number(s) from you immediately. We will use our reasonable endeavours to supply you with another number which is acceptable to you.

1.2.4. Where you take an international number as part of the Inbound Service, in addition to the above, the following shall apply:

1.2.4.1. we cannot guarantee call quality and shall not be liable for service incompatibility. It is recommended that you perform full compatibility tests prior to publishing any international number(s) provided by us;

1.2.4.2. we cannot guarantee support for Calls from mobile numbers unless otherwise specified and in these cases there will be an additional charge;

1.2.4.3. you accept that restrictions to the service may apply in certain countries and you agree to abide by these restrictions;

1.2.4.4. we are reliant on third parties for delivery of your billable call records so there may be a delay in us billing you for your international inbound Calls, there will be no time limit on us billing you for these Calls. In some cases Calls will be logged in two parts and we may bill these parts in different months, but endeavor to do this within two concurrent months.

### 1.3. Conferencing Services

1.3.1. Where we provide you with numbers or access codes in relation to the Conferencing Services, you accept you do not own the numbers or access codes and we reserve the

right to withdraw these at any time. On termination of the Conferencing Services for any reason any numbers and/or access codes provided by us will be withdrawn.

1.3.2. Conferencing Services may be subject to maximum participants which may vary from time to time.

1.3.3. You agree to keep confidential all access codes and only share guest access codes with any guest participants. You will be liable for all Service Charges whether the service was used with your knowledge or not.

### 1.4. IP Service

1.4.1. If you have an IP Service and it is to be used principally in a fixed location, you must register that address with us prior to activation. Furthermore, if you have a reasonable expectation that the IP Service is to be used in multiple locations, we recommend that you update the location information associated with it whenever accessing the IP Service from a new location. You can update this information either using the portal or by notifying us of any change in address. For the avoidance of doubt, it is your responsibility to maintain an accurate record of this address information so that we can supply the information to the Emergency Organisation(s). We are not liable for any consequences of your failure to do this.

1.4.2. Where Call routing utilises IP, you acknowledge that call quality and availability can be subject to factors outside of our control e.g. bandwidth contention or quality of service (QoS). We shall not be liable to you in respect to any quality or availability issues with such a Service.

1.5.2. Where your Lines are transferred to us on a like for like basis, you agree to pay for any additional services which may exist on your lines that you may not have made us aware of at the time of ordering regardless of when these services are billed to us by the underlying supplier (including but not limited to telephone book entries that may be billed to us annually by BT).

### 1.6. MS Teams Direct Routing

1.6.1. Unless otherwise specified, it is your responsibility to set up and configure the MS Teams Direct Routing service to your existing Microsoft Teams platform and to ensure you have the appropriate Microsoft Teams licences and Microsoft phone system licences to enable the MS Teams Direct Routing Service.

1.6.2. MS Teams Direct Routing is a per user service and as such the number of users on your account must match the number of DDI's used to make calls. Where there are more DDI's making calls than there are users we will automatically increase your number of users and you agree to pay the Service Charges for these additional users.

1.6.3. You agree to us accessing your Computer Systems, data, information and personnel as required to allow us to make operable your access to the MS Teams Direct Routing Service. If you do not fulfil all dependencies as instructed by us we may delay the implementation.

## 2. General Conditions

### 2.1. Emergency Services

2.1.1. All Services allow access to UK emergency services and caller location information (when based in the UK) unless specifically advised otherwise within this Agreement. IP phones need an additional power supply to operate. In the event of a power failure it is your responsibility to ensure you have the means to make Emergency Calls and we will not be liable for any loss or damage (financial or otherwise) where you fail to do so. It may on occasions not be possible for emergency services personnel to identify your location and telephone number so this information should be stated promptly and clearly by you when making such a call.

### 2.2. Services with Call Recording

2.2.1. Where you take a Service which includes call recording of inbound and/or outbound Calls you confirm that you have received and read our Call Recording Legal Requirements Guidance document and acknowledge that the guidance should not be relied upon in isolation and hereby accept that it is your responsibility to obtain legal advice to ensure you are fully compliant before recording any Calls. You further confirm that you will comply with all legal requirements when using any call recording product and agree that we shall have no liability for any costs or claims which may be incurred as a result of any failure by you to comply with any legal requirements whether or not you were aware of the requirement.

### 2.3. Services with Music On Hold

2.3.1. Where you take a Service which permits you to upload music files for a music on hold feature, you agree to obtain any necessary licences and consents as may be required and agree to indemnify us from any direct or indirect claims where you fail to do so.

### 2.4. Third Party Licences

2.4.1. Where you utilise software licensed by a third party you accept and shall strictly comply with such third parties end user licence agreement, a copy of which we will either send to you or must be accepted before using the software. You will allow installs of new versions of such software and ensure your network and systems comply with the relevant specifications in any third party design documentation which we may provide to you from time to time

### 2.5. Number Presentation

2.5.1. Where you are able to nominate a telephone number as your outbound calling presentation number you agree to comply with all applicable laws and regulations that may be relevant at the time. Where our Service offers number presentation options, we cannot guarantee consistent presentation of the intended number for Calls made to mobile or international carriers as successful presentation of the number is entirely dependent on the carriers use of these numbers. We shall have no liability to you should your nominated number fail to present at any time.

## 3. Telephone Numbers

3.1. You accept that you do not own the number(s) provided to you and you have no right to sell or to agree to transfer the number(s) provided to you for use with the Services and you must not do so or try to do so.

3.2. You also accept that we have the right to reallocate to a third party any numbers that are provided to you for use with the Services but that you do not use for a period of six (6) months. However, if you continue to pay any recurring

Service Charges for those numbers, we shall not exercise this right.

3.3. You do have the right to request to migrate numbers to another provider subject to your remaining contractual obligations contained within this Agreement.

3.4. We may put your name, address and the telephone number(s) for the Services in the telephone book published by BT for your area and make your phone number available to BT's directory enquiries database, as soon as we can. However, we will not do so if you ask us not to.

3.5. If you want a special entry in the telephone book you must let us know. Where we agree to a special entry you will be liable to pay an extra charge and sign a separate agreement for that special entry.

3.6. In relation to the IPT Service, arrangements in relation to inclusion in BT's telephone book and directory enquiries database are available on request from us.

3.7. It is your responsibility to verify that all directory entries are correct and remain correct. Other than where the error is as a result of our negligence, we accept no liability for any errors nor are we liable for any costs, financial losses or disputes that may arise from any omission or inaccuracy in the entry.

3.8. We reserve the right to withdraw any numbers from you where we are instructed to do so by a change in law or regulation.

## 4. Call Rates and Charges

4.1. Our call rates for outbound Calls to UK non geographic numbers are charged according to the banding used by BT. You acknowledge and agree that there may be occasions where a call type moves from one band to another band or BT change their charging structure and subsequently the Service Charges for some of these call types may change, we will apply this change from the 1st of the month following the change and you acknowledge that we may not always be able to give you notice of such changes.

4.2. Where you take any bundled service you agree to pay for all chargeable items which are excluded from or exceed the allowance of the bundle. Unless otherwise advised in writing, any bundles including calls to mobile numbers shall include only calls to the main mobile networks.

4.3. Unless otherwise agreed with you in writing all call costs in our Tariffs are displayed in pence per minute. All billing is per second, call durations are measured up to the whole second and the call Service Charges rounded up to a penny.

4.4. Inbound bundles include Calls which terminate to UK landline numbers only, unless specified otherwise in writing. Should you terminate your Calls to a mobile, a non-geographic or an international number then standard call Service Charges will apply and are available on request.

4.5. Call charges will be invoiced in arrears. We will calculate the Service Charges for Calls using the details recorded by our network. Rental charges will be billed in advance.

4.6. We will bill you for all Calls that are routed over our chosen network provider. Any Calls that are routed by other means for any reason beyond our control and for which you are invoiced by another provider will remain your responsibility. It is your responsibility to advise us if you receive invoices from other providers for services you believe to be with us and you should advise us as soon as you receive these invoices. We shall not be liable for any loss or damages as a result of you being invoiced by other providers (including but not limited to any perceived loss of savings).

4.7. Where you take multiple Services which are bundled into a single monthly rental and you subsequently cease any Service in full or in part you will remain liable for the full monthly rental for the remainder of the Minimum Term

unless we have agreed otherwise. Notwithstanding this your minimum liability will be for the full cost of any installation, survey, set up, activation and Equipment on the ceased Service, the costs for which we will confirm at the time.

- 4.8. We reserve the right to offset any inbound rebates which may be due to you against any amounts you may owe to us. We reserve the right not to pay any inbound rebates until such rebates total a cumulative minimum of £5 in any month.

## 5. Fraudulent Traffic and Unusual Call Profile

- 5.1. You are responsible for all Service Charges if the Services are used without your full knowledge and consent or otherwise. This means by way of example but not by way of limitation that you are liable to pay for all Calls made as a result of “rogue diallers”, unbarred premium rate numbers and Calls made by any third party gaining unauthorised access to your telephony systems.
- 5.2. If in our reasonable opinion your call profile is indicative of fraudulent activity we reserve the right to suspend Service immediately without notice.
